

# HEALTH AND SAFETY STATEMENT

## POLICY

“It is a fundamental requirement of Page and Macrae that its business be conducted in a safe environment and manner at all times”

## COMMITMENT

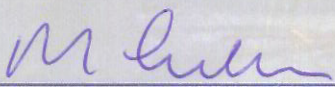

To follow the spirit of the Health and Safety in Employment Act 1992, and any amending legislation.

## ACHIEVED BY:

- Management promoting a high standard of safe work practices throughout all levels of the Company through the use of a designated H&S representative.
- Supervisors ensuring employees receive instructions and ongoing training in safe handling methods, hazards in the work place and the environment.
- Regular Health and Safety committee meetings, Tool Box and Staff meetings.
- Effective, accurate reporting and recording procedures to analyse any incidents, whether they result in injury or not.
- Making available protective clothing and safety equipment that is regularly serviced and maintained, to be used when necessary and/or required.
- Ensuring employees are aware of their responsibilities and comply with safe working procedures.
- Ensuring that all visitors to workshop areas are to be made aware of and follow Page & Macrae H&S procedures.
- Monitoring health and rehabilitation through the use of an occupational health nurse.
